SOUTH RIPLEY MAN ARRESTED ON CHARGE OF STEALING FREIGHT

Goods Stolen From the South Ripley Station Said to Have Been Found in Home of Ferry Boat Fireman Who Is Now in Local Jail.

C. & O. railroad detective Thomas Stewart and Constable Perrine Osborne last night arrested Arthur Willett, of South Ripley, this county, on a charge of stealing from a common carrier with warrants issued in 'Squire Fred W. Bauer's court. A search warrant was procured in the same court and a complete search of Willett's home was made.

In the search of the residence twelve new pairs of shoes were found as well as a case of neckties, which are said to be a part of a missing shipment consigned to Ripley merchants which Detective Stewart has been tracing for the past several days. The merchandise had been traced from the point of shipment to the porch in front of the C. & O. station at South Ripley, from which place they were taken by unknown parties several weeks ago.

Suspicion fell upon Willett, who is fireman on the Ripley ferry boat and the search warrant was procured. When the goods were found they were taken in charge by the officers and Willett was placed under arrest. He was brought to Maysville about six o'clock last night and is now in the county jail here. He protests that he is innocent of the crime and said this morning that he had nothing to say about the charges made against him until his examining trial is called in 'Squire Fred W. Bauer's court tomorrow afternoon.

The officers are still working on the case at South Ripley today believing he had a confederate.

Some of the goods said to have been stolen are still missing and officers are now busily engaged in trying to run them down to learn whether or not they had been sold. It is the opinion of the officers that Willett had been selling some of the goods, in fact, this is the first clue they picked up and this clue led to the procuring of a search warrant for Willett's home.

For the past several weeks the C. & O. railroad company has been missing goods stolen from small stations in this immediate neighborhood and more arrests of a sensational nature are expected within the next few weeks in this section.

VISITING IN CINCINNATI

In the column devoted to art news in last night's Cincinnati Times-Star the following appears:

Mrs. Thomas Potter (Lyle Collins) of Murrefreesboro, Tenn., is in the city having arrived with her little son Jack, after a stay at French Lick and several weeks in New York. She hopes to be here over Christmas with her parents, Mr. and Mrs. O. E. Collins and sister, Miss Martha of Mt. Auburn Mrs. Potter is remembered by the art colony here, and was a student at the Art school before her parents removed here from Maysville, Ky., to reside. She has done some interesting work for the "movies" since her marriage and location in Tennessee, where her duties looking after her husband's handsome home, she incorporates with her writing and art work in busy days. She has a big airy studio at the top of the house and there spends scheduled parts of every day writing or designing. One of her plays was recently shown in Cincinnati movie theaters.

CHRISTMAS SERVICE AT THIRD STREET M. E. CHURCH

Special Christmas services will be held at this church next Sunday. The morning service will be a combined service of the Sunday School and Church. A fine musical program will be given. Mr. and Mrs. Young who are to have charge of the boys' band will give two numbers on the program with cornet and baritone and piano. Mr. and Mrs. Carl Dodds will also render special selections. All should be at the beginning of the service at 9:30 a. m. in order to enjoy the full program. A full program will be published later in the week. The primary and juniors of the Sunday School will receive their Christmas at the close of the service.

SELLS NICE RESIDENCE

Deputy State Fire Marshals Edward Hite and John Penny, both of Lexington, were in the city this morning en route to Brooksville where they will make several inspections of new buildings.

SUNDAY SCHOOLS TO RAISE FUND FOR THE ARMENIANS

Children of Maysville and Mason County Are Asked to Save For Suffering Children.

An appeal has been made to the children of Maysville and Mason county to save their nickles and pennies for a fund being raised for the relief of suffering children in Bible lands. This offering will be taken at all of the Sunday Schools of Maysville and Mason county on next Sunday.

The suffering races are our allies in this war; eighty thousand exiled Greeks from Asia Minor are working in the munition factories of Greece and Macedonia, sixty thousand more are in the Greek army fighting with the Allies in Macedonia, and a little Armenian army held out for a long time in the Caucasus against the invasion of the Turk. Mr. Thomas Dann Head, who has returned from the Caucasus, reported as the latest news from there that the Armenians, after refusing terms with the Turks when the Germans offered a small area for a republic, had taken a large town in which there were food supplies.

Immediately after the surrender of the Turks a representative commission was appointed under the chairmanship of Dr. James L. Barton to sail at once and study the situation anew and prepare the way for a company of workers who must soon be sent to direct the work of rehabilitation.

From the devastated countries in this great area there are four million known refugees. A full million are now within our reach, among whom are 400,000 children, and their only hope of life is in the food and clothing we supply them.

War has ravaged their land and for the present has destroyed the possibility of selfhelp, but they are our brothers and must have our sympathy and support.

Much of the food for the people in the Palestine section of this wide field is obtainable in Egypt. We purchase it there and have it shipped in on motor trucks at top speed so that lives may be saved that might be lost by a little delay.

Long ago the words "grain in Egypt" brought hope and heart to the household of Jacob, whose ten sons made the journey with asses and brought food for the families in need. Motor trucks instead of asses, with telegraphic and wireless communication, is a great advance in efficiency, but in view of the greatness of the need and the multitude of the people served, the problem is much greater in promotion. It is interesting, though to remember that once more messengers are passing over the same roads on the same errand as they did years ago. They are serving a people like those who were kept alive then and from who came such men as Moses, David, Isaiah, and Paul. Who can say what man may yet be found from among these people in days to come and what blessings may result to the world from the saving of these lives that today look to us for bread?

The Armenian atrocities are so recent and what can be told has been so widely published that it is perhaps not necessary or wise to attempt to repeat the harrowing tales that have made the story behind this destruction one of the blackest pages of human history. We must, however, see the need in its breadth and fullness and heed the challenge of the people's cry.

ANSWER TO ROLL CALL IS HEARD IN ALL PARTS COUNTY

Masonians, Every Loyal, Register As Members of Red Cross in Large Numbers—Workers Say Canvass is a Pleasure.

Workers in the various precincts of the city and county report that their canvass this time for memberships to the American Red Cross is a real pleasure. They have met with no trouble and when the reports are totaled up the last of the week the great majority of the citizens of Mason county will have answered with their dollar for they have a heart that is touched by the great work this wonderful organization is doing not only among the soldiers but among the civilians as well.

From the reports the workers are making it appears that there will be quite an increase in the membership of the Mason county chapter in the year 1919 and although the local chapter accomplished some things which are wonderful during the past year, they expect to serve even more in the year to come.

There are yet several in each community who have not listed themselves in the organization by the payment of one dollar membership fees but the precinct workers will have covered the entire county by the end of the week and it is felt certain that Mason county will rank as high as any other county in Kentucky as to percentage of population listed as members.

FARMERS

We do not hesitate to advise all who can do so to send a load of tobacco in for our opening sale on January 1st, and we are assured the buyers for all the big manufacturers as well as all the brokers and dealers will be on our sale and want tobacco. This to our mind means sharp competition, snappy bidding and high prices and what is more if you come now you will avoid the rush that is sure to come later.

Directors of the Maysville Chamber of Commerce Have Important Business to Come Before Them at First Meeting.

The first meeting of the new directors of the Maysville Chamber of Commerce will be held at the Chamber of Commerce building this afternoon at 4 o'clock at which time matters of much importance to the organization will be discussed.

Among other important matters to come before the directors will be the laying of a program for the organization for the new year. The Boys' Band will also be discussed and plans for broadening the Employment Bureau so as to care for the returning soldiers seeking employment will also have their attention.

Because of the season of the year and the general health conditions there have been few meetings of the directors since the election of officers but as these directors have a big year before them, it is expected they will have many meetings in the near future.

NOTICE

The election of Directors for the Mason County Building and Savings Association for the ensuing year will take place at Council Chamber on Saturday, December 28, 1918, at 7 o'clock p. m. THOMAS M. RUSSELL, Secretary.

COUCH-GRAHAM

Popular Young Nurse Becomes Bride of Fleming County Banker This Afternoon—Very Quiet Wedding.

Miss Ida Couch, popular young graduate nurse and Mr. LaRue Thomas Graham, prominent Fleming county banker, were quietly married this afternoon at the home of the bride on Limestone street by Rev. W. B. Campbell, pastor of the First M. E. Church, South.

Miss Couch has been a resident of Maysville for several years following her profession here. She has made a large number of warm friends who extend congratulations. The bride is attractive in many ways with a personality that makes friends of all her acquaintances.

The groom is a native of Hillsboro, Fleming county, who has been in the service of his country during the world war. Before he answered the call of his country, Mr. Graham was employed in a Flemingsburg bank.

The happy young couple have the best wishes of a large number of friends.

Prof. Young, director of the new Maysville band, is in Cincinnati today calling on musical instrument firms from which instruments for the Maysville band have been purchased urging that the orders for the Maysville band be filled at the earliest possible date.

Tired, Overworked Mothers What You Need is Vinol

War conditions have made the demand upon a mother's time and energy unlimited. In their zeal to do all in their power for their loved ones, they continually overwork and are soon in a nervous, run-down condition. Vinol, the non-secret cod liver and iron tonic, will build you up and make you strong.

HERE IS PROOF

Whitman, Mass.
 "I suffered from a nervous, run-down condition and loss of strength as it was hard for me to get around and do my work. After other medicines had failed to help me Vinol restored my health and strength and I heartily recommend it to anyone suffering from a nervous, run-down condition."—Mrs. R. M. Little.

Cleveland, Ohio.
 "I keep house for my husband and myself and got into a weak, run-down condition, no strength, languid and no ambition. After doctoring for awhile and getting no better I tried Vinol and to my surprise it built me up and strengthened my whole system. It is certainly a good tonic."—Mrs. Wm. D. Dawson.

Put your flag in your window—let your neighbors know you haven't forgotten Belgium—and France—and our boys who remain overseas.

But both are badges of honor—one standing for exceptional valor on the battlefield—the other, for membership in the greatest of all humanitarian organizations, your American Red Cross.

The work of the soldier is practically finished.

The work of the Red Cross has really just begun.

Your membership and the moral support such membership gives are essential in carrying on Red Cross activities.

KEPT HER AWAKE

The Terrible Pains in Back and Sides. Cardui Gave Relief.

Marksville, La.—Mrs. Alice Johnson, of this place, writes: "For one year I suffered with an awful misery in my back and sides. My left side was hurting me all the time. The misery was something awful.

I could not do anything, not even sleep at night. It kept me awake most of the night. I took different medicines, but nothing did me any good or relieved me until I took Cardui.

I was not able to do any of my work or one year and I got worse all the time, was confined to my bed off and on. I got so bad with my back that when I stooped down I was not able to straighten up again. I decided I would try Cardui. By time I had taken the entire bottle I was feeling pretty good and could straighten up and my pains were nearly all gone.

I shall always praise Cardui. I continued taking it until I was strong and well. If you suffer from pains due to female complaints, Cardui may be just what you need. Thousands of women who once suffered in this way now praise Cardui for their present good health. Give it a trial. NC-133

JAIL DOORS ARE SMASHED BY A MOB AT HICKMAN

Former Soldier Injured Near Prison As Jailers' Wife Pleads With Mob.

Hickman, Ky., December 16—At the point of a gun, Sheriff Walker and two deputies, Thomas and Wall, were backed into a kitchen and locked up today at the County Jail. Then an infuriated mob, with sledge hammers, forced the heavy iron doors of the jail and iron doors to cells, taking out Charlie Lewis, negro. He was hanged from a tree 200 yards from the jail.

The officers did everything to stop the mob. They managed to get out of the kitchen and follow the mob to the hanging place. Three shots were fired over their heads. They were warned to turn back.

Lewis, a discharged soldier, with three comrades, Saturday night robbed two negroes, and when Deputy Sheriff Al Thomas was called Sunday morning to make arrests Lewis and comrades said the Sheriff had no right to arrest a soldier. While one negro held a gun on Thomas another knocked him down four times, striking him in the face every time.

As he got up the fourth time negro women grasped the negro men and Thomas got away.

Sheriff Walker and deputies went to his aid. The four negroes got over the Tennessee line, but authorities of Lake county chased them back into Kentucky. When pursued back into Tennessee by a Kentucky posse the negroes ran into Tennessee authorities.

The negro Lewis fought, discharging his pistol six times at Deputy Thomas and Tennessee officers. Twenty shots were fired.

Infuriated citizens tried to mob Lewis at Tyler Station, where he was arrested. The mob tried again at Phillippy Station, en route to Hickman. The crowd met the officers here, but was held off until Lewis was landed in jail.

Mrs. Murchison, wife of the Jailor, followed the mob to the cell, begging them to leave. Mr. Murchison had escaped with the keys to the jail.

While attempting to board a Big Sandy freight train at Lanham's crossing near Catlettsburg shortly after noon Monday, Alonzo Scott, aged eighteen years, son of Floyd Scott, Pikeville, fell under the train and as a result his right foot was severed from the leg and the left foot was badly mangled. Dr. Kincaid gave first aid and the injured boy was brought to the King's Daughters' Hospital where was operated on that afternoon.

Thorough baths—heads included—clean clothes and sanitary living quarters provided by the A. R. C. are warmly appreciated by some 8,000 refugees in Jerusalem.

WORKERS, TRAINED DURING WAR, MUST BE REASSIGNED

Training and Dilution Service Will Give Employers Line on New Workers as Released.

(By Charles T. Clayton, Director, Training and Dilution Service, Department of Labor.)

The cancellation of contracts for munitions supplies and equipment needed because of the suspension of hostilities and the probability that peace may soon be declared is releasing thousands of workers, both semi-skilled and skilled.

As conditions become more normal, industries will doubtless assimilate the skilled workers into the peace industry with which they formerly were identified and this without any very great loss of time. But the vast army, both male and female, who, as a result of some form of intensive training, have qualified for and performed their part in making our peace terms realities, are not so happily situated. They must find a new niche for themselves.

These less mature workers may endeavor to retain their status as productive units in the kinds of occupations with which their recent efforts have been associated. Their difficulty is to secure a reassignment which will utilize as nearly as possible the training and skill they have obtained in war work. Some way by which the experience of these people can be made to function in the manufacture of the useful commodities of peace is needed.

Many employers now engaged in planning extension of peace-time work would be glad to know where to find people having the kind of experience nearest to their needs and best adapted quickly to take up their production.

The Training and Dilution Service, through its expert superintendents of training, covering substantially the whole country, offers its help to manufacturers and to employees to point out to employers seeking qualified workers and to workers seeking the kinds of employment most adapted to their particular training ways to meet.

The Training Service has nothing to do with finding labor nor with its transfer. That is for the United States Employment Service. But the Training Service is ready and glad to help employers to best utilize the splendid facilities of the Employment Service by showing them the kinds of labor now progressively being released for which they can call to advantage.

A. R. C. clinics and relief stations which include eye specialists and American dentists give medical aid to refugees from the devastated Oise region.

The city officers who were elected by the City Council at its last regular meeting are now busily preparing their bonds to be presented at the next meeting of council for the approval of council. As the officers will be sworn in on January 1st and as council will not meet for several days, the bonds will be presented to and approved by Mayor T. M. Russell.

TOBACCO MARKETS

Lexington, Ky., December 17—With more bright tobacco in the offerings on the floors of the warehouses today, higher prices prevailed. The high-priced baskets in each of the floors were: Independent, \$63; Farmers', \$61, and Burley, \$60. The total number of pounds sold on the three floors was \$733,375, and the average of the days was \$30.64.

Huntington, W. Va., December 17—Tobacco sales today amounted to 125,000 lbs., at an average of approximately 26c. Red Cross workers secured tobacco contributions from a number of planters. The offering was sold at \$40 per 100.

Owensboro, Ky., December 17—Sales of 1,110,000 lbs. of prior tobacco were reported by the managers of the Owensboro loose leaf houses today. The general average of \$15.20 per 100 lbs. is from \$1 to \$3 under the prices paid for the week last week.

Carlisle, Ky., December 17—Tobacco sales opened here today. Sales were 175,000 lbs. at prices of \$10 to \$54, with best crop averages ranging above \$45. Strongest market ever held here.

Hopkinsville, Ky., December 17—It is estimated that sales at the five houses today were more than 400,000 lbs. and that the total amount on the market was at least 125,000 lbs. Prices ranged from \$9 to \$26.

Paris, Ky., December 17—With tobacco in much better condition the Paris market showed a decided improvement today. Even the low grades showed active bidding, and everything offered had a buyer at satisfactory prices. Summary for the day is: Independent House, 62,640 lbs. for \$19,312.81, an average of \$30.82; the combined Bourbon and Paris Houses sold a total of 22,625 lbs. for a floor average of \$29.56.

BASKET BALL SQUADS ELECT OFFICERS

The boys' and girls' teams of Maysville High School held a short meeting this morning for the election of officers. Collis Dickson and Raymond Dawson were elected captain and business manager, respectively of the boys team, which officers they are well qualified to fill. Miss Norma Flowers was elected captain of the girls team and Miss Katherine Pogue, business manager and the team should certainly be a success with such competent members to direct them. Games have been scheduled for the near future, to which the public should certainly give their hearty support and enthusiasm.

ONE WEEK 'TILL CHRISTMAS

All of the Maysville stores have made arrangements to take care of the great Christmas rush that is certain to come from now until Christmas eve and the fear of not being waited on at the stores need not hold you back.

PRESIDENT WILL VISIT GRAVES OF FRENCH HEROES

President Wilson Has Long Talk With General Foch and Plans Visit to Graves of Soldiers.

Paris, December 18—With improved weather conditions, President Wilson took up again the matter of plans for a 60-mile motor trip to the old battle line near Paris. He hoped to be able to make brief stops at one or more cemeteries within the war zone and pay tribute at the graves of the men who fell to save democracy. This visit of the President to the battlefields on which France fought for its life has aroused more public interest than any other event since the first tumultuous greeting to the nation's guest.

The President and Marshal Foch in their half-hour conference, last night, discussed mainly the armistice. Mr. Wilson was most favorably impressed, according to Marcel Hutin of the Echo de Paris. Hutin states that it is most probable that the treaty of peace will be signed at Versailles some time about the beginning of June and that Marshal Foch will lead the Allied armies under the arch of triumph in Paris within 15 days after peace is declared.

President Wilson is expected to make his first statement in his address to the soldiers of the American Expeditionary Forces at General Pershing's army headquarters on Christmas day.

LUD MILLS IS SAFE

Relatives and friends of Mr. Lud Mills, with the American Expeditionary forces in France, have worried about not hearing from him since before the armistice was signed. Mrs. George Davis today received a card from her son written on November 26 on which he says he is well.
